The open season for ruffed grouse, quall, woodcock, pheasants and squirrels closed Monday night. It will be unlawful to shoot these birds and squirrels after this date until Oct. 8,

There is a conflict between the fed-eral law and the statutes of the state in regard to the time the open season is on for the shooting of wild ducks. Under the federal law ducks may be shot until Jan. 15, but the state law snyt that if Jan. 16, but the state law says the shooting must end the evening of Dec. 21. Those who shoot ducks in this state are uncertain as to their privileges. Superintendent Crampton of the fish and game commission, has the matter under considcration and will give a decision in time to have it effective before the first of the new year. It is said that where federal law and the state statutes conflict the former should supersede the latter. In other words, according to this opinion, an act can be unlawful under the laws of Connecticut and lawful according to the federal statutes.

If Superintendent Crampton decides to accord the supervission of

To Have Pretty Hair

If your hair is not as soft, and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp and the dandruff disappears.

up the scalp and the dandruff disappears.

Parisian Sage, an inexpensive tonic, which you can get from any drug or tollet counter, or from Lee & Osgood, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse the hair of dust and excess oil. Parisian Sage takes away the dryness and brittleness, makes the hair twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily make her hair soft, fluffy and abundant. Pretty hair will surely increase her charm and beauty.
